

Accesso Club members receive 20% off expert online tutoring and instruction with Varsity Tutors.

Live Online Learning

Varsity Tutors is your Destination for Online Tutoring, Live Online Classes, Extracurriculars, and more.

1-on-1 Tutoring

Your student will meet with their tutor on our Live Learning Platform—a custom-built online workspace with 2-way video, a collaborative workboard, and session recording. It's like being in the same room, but better. And, with our smartphone and tablet apps, your student can access the platform and meet with their tutor from just about anywhere.

Group Classes

Small groups of up to 20 other students meet in a virtual classroom for live lessons. To ensure each student is at a similar level of understanding, we use adaptive assessments to determine their proficiency before placement.

Larger-format classes, led by subject-matter experts (including celebrities), provide students with engaging content in any number of academic and enrichment subjects.

Additional Learning Options

Learning Pods

Learning Pods bring the group dynamics of the classroom to your living room. Whether you want your pod to focus on small group tutoring, a custom curriculum, or join an existing small group class, we'll help make it easy.

School@Home

With School@Home, we're providing a flexible, personalized, and engaging solution for K-12 students—supplemental education for busy parents who want their children to have extra support outside of school.

Handpicked Experts: Learn from the best.

Connecting your student with the right expert starts with having nothing but top-notch experts to choose from. We do this by being picky—vetting every applicant through tutoring simulations, academic and background checks, and interviews.

Average session rating 4.9 out of 5 stars + 10 million hours of lessons

[varsitytutors.com/partners/accessoclub](https://www.varsitytutors.com/partners/accessoclub)

Varsity Tutors connects learners with a variety of experts and professionals. Tutors, instructors, experts, educators, and other professionals on the platform are independent contractors, who use their own styles, methods, and materials and create their own lesson plans based upon their experience, professional judgment, and the learners with whom they engage.
